Open *Doors*

Serving persecuted **Christians** worldwide

Global Strategic Priority 1

GSP 1 – Strengthen the Persecuted Church in the world’s most difficult areas.

Goals

- 1.1 To ensure that the global Muslim Background Believer (MBB) church develops a strong indigenous form enabling the MBBs to increase their outreach to seekers from Islam.
- 1.2 To ensure that the Body of Christ in the Middle East will survive the attempts of extremist Islam to destroy the church completely.
- 1.3 To ensure that the African church – the world’s largest church – is prepared for the persecution that is coming and, on the scale required, to help the African church to not merely survive.
- 1.4 To ensure that the Body of Christ does not overlook the needs of the Hindu and Buddhist Background Believers, as the aggressive anti-Christian revival of Islam is being matched by similar revivals of radical, intolerant forms of Hinduism and Buddhism.
- 1.5 To be the authoritative voice on the Persecuted Church based on well-grounded research.
